AMENDMENT TO H.R. 1145, AS REPORTED
OFFERED BY MR. STUPAK OF MICHIGAN

Amend section 2(d)(1) to read as follows:

(1) Implementation of a National Water Census, which shall include the collection of data on national water resources to create a comprehensive database that includes information about the quantity, availability, and quality of ground water and surface water resources. The implementation of such census shall recognize that sources that feed into the Great Lakes serve a multi use purpose, including consumption, maritime commerce, and irrigation, and when assessing availability and quantity, agencies shall prioritize maintaining the quantity of water in the Great Lakes.
