

**AMENDMENT TO H.R. 1145, AS REPORTED  
OFFERED BY MR. CUELLAR OF TEXAS**

In section 2(d), add at the end the following new paragraphs:

1           (15) Utilization of the research, capabilities,  
2           and programs of municipal water systems and uni-  
3           versities to form a “best practices digital guide” as  
4           a model to assist the development of the National  
5           Water Research and Assessment Plan specifically as  
6           the plan relates to—

7                   (A) household and commercial water con-  
8                   servation;

9                   (B) water recycling and reuse for business,  
10                  manufacturing, and municipal landscaping pur-  
11                  poses;

12                  (C) aquifer and groundwater protection;

13                  (D) water quality;

14                  (E) water resource demand management;

15                  (F) customer service information and out-  
16                  reach; and

17                  (G) education programs for all school lev-  
18                  els and community education programs.

1           (16) Upon formulation of the “best practices  
2           digital guide” under paragraph (15), making such  
3           information readily accessible on the Internet, along  
4           with a cost-benefit analysis for communities, to serve  
5           as a resource for water systems nationwide.
