RECORD VOTES

FULL COMMITTEE

Record Vote No. 1

Measure or Matter: **H.R. 418**
Motion By: Mrs. Slaughter
Motion or Amendment: To make in order and provide the appropriate waivers for the amendment offered by Representative Nancy Johnson of Connecticut, which closes the loopholes in the H-1B and L-1 visa programs. The amendment requires companies to seek to hire qualified Americans before beginning the search for a single H-1B worker. The amendment applies several of the protections in the H-1B program to the L-1 visa program, which was created to enable multinational corporations to bring in key foreign employees to work in the United States for up to seven years, including the payment of prevailing wage and restrictions on replacing American workers with L-1 visa holders. Also, the amendment cuts the maximum length of stay by a L-1 visa holder by two years (i.e. from seven years to five years) for executives and managers and from five years to three years for workers with specialized knowledge.

Motion or Amendment: To make in order and provide the appropriate waivers for the amendment offered by Representative Otter which strikes the provision of Section 213 of the USA PATRIOT Act which allows for delayed notification of execution of a search warrant if notification would seriously jeopardize an investigation or unduly delay a trial. Also permits delayed notification for up to seven days, with unlimited 21-day extensions possible, rather than the 'reasonable period of time' included in Section 213 of the USA PATRIOT Act or 120 days included in Section 16 of H.R. 3199. Requires the Attorney General to report to Congress semiannually on all requests for delays of notice under Section 213 of the USA PATRIOT Act.

Motion or Amendment: To make in order and provide the appropriate waivers for the amendment in the nature of a substitute offered by Representatives Conyers and Dingell which provides for a series of measures designed to en-

sure that the lawsuit itself is not frivolous and that the pleadings filed in connection with the suit are accurate and meritorious. It ensures that the antitrust laws apply to medical malpractice insurers, price comparisons can be easily obtained, and procedural checks are in place to ensure that premium increases are warranted and can be challenged by health care providers. Responds to concerns that medical malpractice is not available in certain parts of the country and creates an Independent Advisory Commission on Medical Malpractice Insurance to evaluate the cause of the recent premium increase. Finally, the amendment authorizes the Department of Health and Human Services to collect the data necessary to examine the medical malpractice insurance industry.

Measure or Matter: H.R. 2830
Motion By: Mrs. Slaughter
Motion or Amendment: To make in order and provide the appropriate waivers to the amendment offered by Representative George Miller of California which

permits employers to value their pension liabilities by using the corporate bond interest rate in 2007 and 2008 and then returning to use of the 30-year Treasury bond interest rate. Requires companies to seek alternatives to termination before a pension plan could be terminated, permits the parties to restore a plan up to three years after a termination, and does not punish workers for employer funding decisions. The provisions would apply to companies still in bankruptcy, including United Airlines. Permits struggling airlines to freeze their pension plans and gives them up to 20 years to meet their pension obligations. Permits airline pilots who must retire at age 60 to receive unreduced PBGC pensions if their plan is terminated. Permits the United Airline employees to demand proof in bankruptcy that their pension plans cannot be maintained. Enables multiemployer pension plans to reorganize and agree to long term funding improvement plans to protect workers' pensions. Exempts military employees from being subject to withdrawal penalties if they need early access to their retirement funds and includes combat pay for purposes of IRA eligibility. Permits public safety officers to roll over lump sum distributions exempt from current law penalties. Permits disabled individuals to establish deductible IRAs to save for their retirement. Ensures that workers and executives equally be affected by pension benefit cuts. Encourages employers to automatically enroll their employees in the company 401(k) plans and expands the SAVER retirement savings tax credit for low and moderate savers. Imposes a surcharge on taxpayers earning over \$1 million a year.

Will provide Congress with the opportunity to understand the program and whether current law should be amended to either grant the President the power he seeks, or make any other modifications to current law that Congress deems appropriate. Until such action occurs, the amendment states that FISA continues to be the exclusive means by which domestic electronic surveillance may be conducted. Also makes clear that the Authorization for Use of Military Force does not provide an exception to FISA and the federal criminal wiretap statutes.

To make in order and provide the appropriate waivers for the amendment offered by Mrs. Matsui, which proposes a grant program that would serve to educate property owners of their risk to flood in a way that would increase participation and retention in the NFIP, while benefiting the NFIP's bottom line. Creates a competitive grant program for local floodplain managers to partner with the Federal government to conduct outreach and educate homeowners in high risk flood areas that have been released from the Federal flood insurance requirement. These grants could also be used to inform renters and small business owners of the content coverage available under NFIP, further increasing awareness participation in the NFIP.

Measure or Matter:

H.R. 5825

Motion By:

Mr. Hastings (FL)

Motion or Amendment:

To make in order and provide the appropriate waivers for the amendment in the nature of a substitute offered by Mr. Schiff, which explicitly makes clear that foreign-to-foreign communications are outside of FISA and don't require a court order. Extends the FISA emergency exception from 72 hours to 7 days, permitting law enforcement to initiate surveillance in an emergency situation before going to the FISA court for a warrant. Expands the FISA 'wartime exception' for purposes of allowing 15 days of warrantless surveillance if there is an explicit provision. Streamlines the FISA application process. Reiterates that FISA is the exclusive means by which domestic electronic surveillance for foreign intelligence purposes may be conducted, clarifies that the AUMF did not constitute an exception to that rule, and requires congressional oversight over the TSP and any other programs involving electronic surveillance of U.S. persons in the U.S.
